

**Tasking Memorandum No. 00-141**

**MEMORANDUM FOR DCMC Contract Administration Offices**

**Subject:** Plant Clearance Reutilization Screening System (PCARSS) (TASKING)

**Date:** MAR 1 2000

**Suspense Date:** Various, see below

**Target Audience:** Contract Administration Office (CAO) Commanders, Plant Clearance Officers (PLCO), Property Administrators (PAs)

**Requirement(s):**

PCARSS Version 1.08 is scheduled to be deployed at all sites from March 6-17, 2000. Full Operational Capability (FOC), with all sites fully operational, is scheduled for March 20, 2000. A thirty-day warranty period is scheduled to start on March 20, 2000 and end on April 18, 2000.

Version 1.08 fixes and streamlines the NSN Lookup process. Additionally, Version 1.08 corrects problems noted with the system during the first year of operation.

There are no major functionality changes with the new release of PCARSS. The majority of the modifications are programming changes which are transparent to the users, therefore, no formal training classes are planned. However, to assist the users in becoming familiar with the system enhancements, new and modified functions are captured and described on the attachment to this memorandum.

PLAS Process Code applicable to this tasking is 105 Plant Clearance.

**PLCO Responsibilities:**

Version 1.08 is a maintenance release for PCARSS Phase I. This memorandum is a supplement to Tasking Memorandum 98-274. The basic functionality and responsibilities remain unchanged.

During the thirty-day IOC warranty period, any system problems noted should be reported to the Command Customer Support Help Desk by calling 1-888-576-DCMC (3262) and a supporting problem report should be submitted to the DCMC Information Technology Center. POC for PCARSS is Rod Barnaby, DSN 850-8053, or Commercial 614-692-8053.
